Re: No Call Law

I would urgently appeal to you to not change the rules concerning no-call laws. The law has made our dinner hours peaceful and we do not have to check and recheck our caller ID, in order to avoid these pesky calls.

Further, I would urge you not to change this law for the most vulnerable of our population, particularly the elderly, who are most at risk for buying things they neither need or want. Lonely people might wish to talk to anyone and consider the caller their friend and make unwanted purchases, then these calls become a danger and not just pesky. Thank you for your attention,
